Membership Profiles

*Know That a Professional
Mobile Notary/Signing
Agent
Handles Your Loan*

Welcome

The Wisconsin Loan Closers Network (WMLCN) is a group of experienced mobile notaries with a strong loan signing background. The network was formed in response to repeated requests from title companies for names of experienced loan closers through out Wisconsin. We felt there was a need for easy access to professional, ethical notaries who will get the loans signed in a timely manner.

We find our members through recommendation by other members and title companies.

Potential members are interviewed to assess for the following:

1. Knowledge of Notary Law & Commission Confirmed
2. Knowledge of Loan Documents, any Certifications or Registrations and a Minimum of 100 Successful Loan Signings Behind Them

We hope to have members covering the entire State of Wisconsin and will continue searching out and adding the cream of the crop in Mobile Loan Closers to our Membership

Notice to Potential Clients:

Each Member of our Network is an Independent Contractor and Sets Their Own Individual Fees

Brochure Date
August 2007

Other Goals for the Network

As a network, we also hope to work closer with the State of Wisconsin being one voice of many when it comes to Wisconsin Notary Law.

We welcome feedback on our performance, especially if there are problems with a particular notary. We do not tolerate illegal, unethical or unprofessional behavior and will remove anyone who does so from our membership. Please call any of the below members with any feedback, good or bad on any of our members.
